

ADA Parking in City Hall

Limited ADA parking spaces are available in City Hall. The entrance to these spaces is on James Street, just west (down the hill) of 5th Avenue. Turn right and pull up close to the closed garage door. Stop and press the intercom button on the post to the left. Let security staff know that you're attending a public hearing and they will open the garage door. There is no charge for ADA parking in the building when attending meetings in City Hall.

Once parked inside the parking garage, enter the door at the northwest corner of the garage, which leads to the elevator bank inside the building. Council Chambers is located on floor 2 – go across the blue glass bridge to chambers.

The Bertha Knight Landes Conference room is on Floor 1; the Boards & Commissions meeting room is on L2 (one floor below floor 1) and the Building Conference Room is on the 3rd floor to the east.

City Hall is open from 7:00 a.m. to 6:00 p.m. Monday through Friday. For after-hours access to City Hall, call the security office at (206) 684-8807. There is a call button located between the south entrance doors on 5th Avenue for this purpose.

Security cameras in City Hall are located throughout the public areas of the building. Cameras are monitored at all times.
